

CHORE FARM LEATHER 6" CHELSEA

100% FARM-PROOF LEATHER

Over two decades in and around farms and barns has taught us a thing or two about the type of materials needed in our footwear to stand up to the Acidic and Alkali elements found in these environments. In these boots, our signature leather is not only "Farm Proof" but also flame and lime resistant while remaining 100% waterproof. The outsole stands up to oil, gas and diesel fuel while being slip resistant on hard flat surfaces. All this while being supportive and comfortable as we wrapped all this technology around a footbed designed like the bucket seat of a pickup truck.

SPRING 2022

100% WATERPROOF. 100% MUCKPROOF. 100% ORIGINAL.

Pull Tabs Provide Easy On/Off

100% Waterproof Construction

MuckLeather Farmwork Leather provides protection against all the elements in the barn
